

# NU-FORM FIRE UK CASE STUDY

## Key Project Criteria

Case Study Ref:	NFF-04
Project:	Antalis
Value:	£ 1,200,000.00
Design Standard:	FM Global

## **New Warehouse Contract with Roof and In-Rack Sprinklers**

Following their successful completion of previous Antalis projects, Nu-Form Fire UK were awarded this contract and again proved their reliability for performance and quality workmanship.

The warehouse stores over 70,000 pallets in racking with timber decking.

Roof and rack sprinklers are provided throughout the 640,000 square ft building.
