

# NU-FORM FIRE UK CASE STUDY

## Key Project Criteria

Case Study Ref:	NFF-08
Project:	Pets At Home
Value:	£ 500,000.00
Design Standard:	LPC Rules incorporating BS EN 12845

## **Fast Track “Fit Out” for Pets at Home**

Nu-Form Fire UK were selected as the sprinkler contractor for the new Pets at Home Distribution Centre in Northampton.

The project includes Sprinkler Protection at roof level and within storage racks. Twin water storage tanks were provided with fire pumps housed in a purpose made GRP enclosure.

The sprinkler project was successfully completed in 12 weeks.
